

# Mrs. C's Class

## LEARNING GOALS

<b>Reader's Workshop</b>	Next week we will continue our author study of Mo Willems by enjoying more books in his collection. We will learn that good readers point to words and check the pictures to figure out clues about the words.
<b>Writer's Workshop</b>	We will stretch and write down the sounds we hear. We will make our pictures match our words.
<b>Math</b>	We will continue learning about the numbers 6-10. We will continue to review number formation for 2, 3, 4, and 5.
<b>Letter Work</b>	This week, we will work on learning the letters V, Y, W, and X. Students will need to recognize and tell the sound of each letter capital and lowercase.
<b>Science</b>	We will observe and describe daily weather and describe general weather conditions associated with the summer. We will use our senses to discover how daylight changes.
<b>Social Studies</b>	We will describe the character traits of role models within our school or family. We are working to identify the flag as a symbol of our nation. We will describe the roles and responsibilities of people in authority in families and in groups. We are practicing reciting the pledge in morning gym.
<b>Theme</b>	Me in My World: Fire Safety

## Important Dates
